Surabaya, East Java, Indonesia

Graduate of Information Systems, Telkom University Surabaya, with *Cum Laude* distinction (GPA 3.71/4.00). Focused on developing web applications using Laravel and .NET, as well as mobile applications with React Native. Experienced in designing and building applications based on the MVC architecture and applying ORM such as Eloquent in Laravel and Entity Framework in .NET for database management, including payment recording systems and B2C applications integrated with payment gateways. Skilled in collaborative teamwork using the Agile/SCRUM methodology, with strong communication and leadership abilities developed through organizational involvement and event coordination.

EDUCATION

Telkom University Surabaya

Surabaya

Bachelor in Information Systems | GPA: 3.71 / 4.00
