Surabaya, East Java, Indonesia

Fresh graduate in Information Systems from Telkom University Surabaya with a GPA of 3.71/4.00 (Cum Laude). Specialized in full-stack web development with practical experience in Laravel, React Native, and .NET. Skilled in designing and deploying scalable applications, integrating payment gateways, and building responsive, user-focused digital solutions. Experienced through freelance projects and MSIB internship, with proven ability to collaborate in Agile/SCRUM teams. Strong leadership and organizational skills demonstrated through active roles in student organizations and event management.
